

# Annual Mock Trial Program

<https://armenianbar.org/mock-trial-program/>

## Calling All Students!

The Armenian Bar Association is pleased to partner with Armenian high schools and middle schools to compete in the Constitutional Rights Foundation Annual Mock Trial Program. Students will learn how the court system operates in all of its facets. The program is supported by the Armenian Bar Association's trial coaches and school staff.

The program runs from September (when training starts) until the two-day competition in November when the students will compete as a full trial team against other schools in actual courtrooms presided over by real-life judges at the Stanley Mosk Courthouse in downtown Los Angeles. The students will experience for themselves what a courtroom feels like, how a trial is conducted, and they will get to meet interesting judges and attorneys!

Contact your school administration to learn more and to sign up.
